BRIGHTER DAYS!

Everyone is looking for a little sunshine and something to brighten their day. Lawrence Foods has just what you need to make your cakes and donuts pop!

We've got color mastered! Our wide array of gorgeous buttercrème colors taste delicious and have color that will last. With the perfect consistency for both icing a cake and piping flowers, our Colored Decocrèmes® Icings are a decorator favorite.

For 2021, Pantone announced Illuminating as the Color of the Year. Our Yellow Decocrèmes Icing will let you capitalize on this trend! This color pairs beautifully with everything from pastels to jewel tones.

COLORED DECOCRÈMES® ICINGS

These icings have a clean, light mouthfeel with no unnatural aftertaste. The light texture performs flawlessly. Sureshade® Colored Buttercrèmes resist fading and bleeding. Even the most saturated colors, like red, have no unpleasant aftertaste and will not stain your mouth.

COLORED ICE-N-SETS®

Perfect for donuts and cakes, just heat and dip or pour to add a pop of color to your displays.

Create a statement with a seasonal display by simply rotating one or two colors into your donut case. Top with sprinkles for a little extra flair!
